

**REMARKS**

The applicant respectfully disagrees with the Examiner's rejections set forth in the present office action. However, desiring to expedite the issuance of a patent for the present invention and in view of the Examiner's indications of amendments that would confer allowance, the applicants have amended the claims in accordance with the Examiner's suggestions. Specifically, the applicant has canceled claims 1-10 and 14, without prejudice or disclaimer, and rewritten claim 12 in independent form as claim 11. Also, the Examiner's objection with respect to the abstract has been addressed with the amendments to the abstract above. No remaining grounds for rejection or objection being given, the claims in their present form are asserted to be patentable over the prior art of record and in condition for allowance. Therefore, allowance of this case is earnestly solicited.

The Examiner is invited to contact the undersigned, if such communication would advance the prosecution of the present application. Lastly, please charge any additional fees (including extension of time fees) or credit overpayment to Deposit Account No. 502117 -- Motorola, Inc.

Respectfully submitted,  
M. Wang
